

D.O. No. STAT/CEN/80/2009  
Dated February 19, 2010.

Dear .....,

The next decennial census of India is due in 2011. It will be the fourteenth in the series since 1881 and the seventh after Independence. The House Listing and House Census Operations will be conducted during April – May 2010 and the Population enumeration will take place between 9<sup>th</sup> and 28<sup>th</sup> Feb, 2011.

2. As you would appreciate, Census Operations is a very important activity which will require advanced detailed planning at your level for it's successful conduct. It is a collection of series of activities and tasks, each of which is dependent on preceding tasks. As with the conduct of Elections, you will have to prepare and plan months in advance of the actual activity to avoid last minute problems.

3. I hope by now the preparation for the same is in full swing, both at the District and Charge Levels. Please make sure that all employees of the State Govt. accept and perform work connected with census as and when entrusted to them by census officials.

4. At the State level, the Department of Economics and Statistics has been designated as the Nodal Department for census activities. Shri D. Pussang, Director (Economics and Statistics) shall be the nodal officer and he will be assisted by Shri K. Mamai, Deputy Director. These two officers may be contacted in case any clarifications are required by you.

5. The Nodal Department / Director of Census Operations would issue detailed guidelines to you from time to time. Please ensure that they are followed strictly. You should also submit a monthly progress report to me, with a copy to Secretary (Economics and Statistics) from the month of February 2010 onwards.

6. The success of many Govt. programmes depends on a neat and error-free population register. I am sure with your overall leadership and initiative, we will be able to achieve excellent results. The manner in which the different census duties are performed by various concerned officers and officials will be taken into account in the assessment report of their work and conduct.

With best wishes,

Yours sincerely,

( Tabom Bam )
